Tricky words bracelets and watches.

Cut out the long rectangle shapes.

Colour in the tricky words so they are nice and bright.

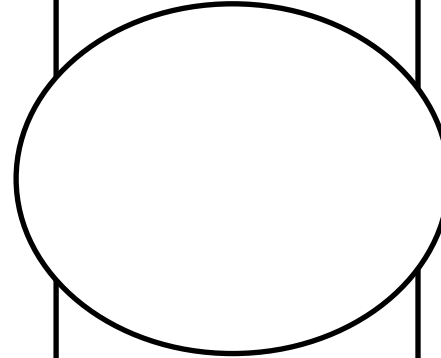

Put the long rectangle around your wrist and stick or sellotape each end together so that you can wear it as a bracelet or watch!

Fun, fabulous Phonics!

Why don't you make one for your family too!

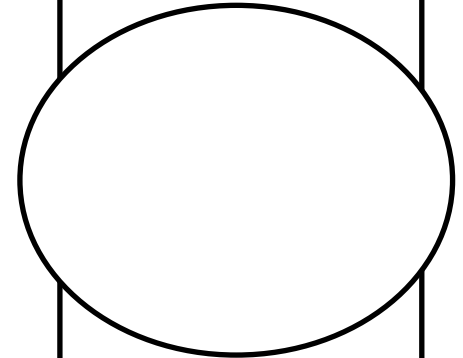

Each time you wear your tricky words bracelet/watch, you can practice reading the words you have coloured in.
