Toy Shop - Penny rubbings

Can you read the price tag for each toy on sale. Then count out your own coins (remembering to tap them the correct amount of times on each coin) to find the correct amount. Then see if you can make a rubbing of your coins by putting them under the paper and colouring over the top of them in the rectangle next to the toy on sale.

Coins in purses

Draw around your chosen coins in each purse, to match the total shown on each purse. Remember to tap a 1p coin once and a 2p coin twice.

Money Match.

Read the amount in the box. Then draw a line to the coins that it matches.

Counting Coins

Look carefully at the coins in each money box. Tap each one the right number of times to add up the amount. Write the total underneath each money box.
