

Dear Year 4's

You will find moving into Mrs Wood's class is a step up from Golden Eagles but it is great fun and you learn lots of cool things.

The school day in Barn Owls starts with a CGP exercise and once you have finished that you are expected to read silently until Mrs Wood is ready to mark. Once you have marked your work the Year 6's will go out into the hall and start their maths with Mrs Sharman but you will begin your maths with Mrs Wood in the classroom. We do maths for roughly an hour.

Once you have finished your maths you will have a break for 15 minutes.

After break is English. English can include writing stories, newspapers, persuasive writing, creative writing and many more things.

After English is lunch break. After lunch break work we can do a variety of things such as grammar and punctuation or topic.

Then it's home time.

The best things about being in Barn Owls class is we learn through creative experiences. This year we have done Victorian, Japanese, Anglo Saxon, Viking days. These are great fun and are the highlights of Barn Owls.

Mrs Wood expects you to do all your work to your highest potential. She expects to read every night and homework to be done by Wednesday each week.

The year 6's like myself won't be there as we move on to Senior School but you will have our current year 5's to look after you!

Above all have fun and good luck in Year 5.

From Thomas
