

LO: To know my 2- and 10-times tables.

## Timestables

Complete the following questions.

$10 \times 10 = \underline{\quad}$       $7 \times 2 = \underline{\quad}$       $8 \times 2 = \underline{\quad}$

$6 \times 2 = \underline{\quad}$       $2 \times 10 = \underline{\quad}$       $6 \times 10 = \underline{\quad}$

$10 \times 6 = \underline{\quad}$       $2 \times 4 = \underline{\quad}$       $8 \times 10 = \underline{\quad}$

$2 \times 6 = \underline{\quad}$       $9 \times 10 = \underline{\quad}$       $3 \times 2 = \underline{\quad}$

$12 \times 10 = \underline{\quad}$       $10 \times 4 = \underline{\quad}$       $2 \times 12 = \underline{\quad}$

$2 \times 5 = \underline{\quad}$       $10 \times 2 = \underline{\quad}$       $10 \times 5 = \underline{\quad}$

$10 \times 8 = \underline{\quad}$       $5 \times 2 = \underline{\quad}$       $4 \times 2 = \underline{\quad}$

$2 \times 1 = \underline{\quad}$       $10 \times 1 = \underline{\quad}$       $2 \times 8 = \underline{\quad}$
