

LO: To be able to order measurements from largest to smallest.

Order these measurements from largest to smallest.

Remember to look at the unit of measure for each length.

$$100\text{cm} = 1\text{m}$$

$$1\text{m} = 100\text{cm}$$

84cm	116cm	95cm	121cm	103cm
------	-------	------	-------	-------

129cm	13cm	128cm	107cm	143cm
-------	------	-------	-------	-------

124cm	145cm	172cm	163cm	157cm
-------	-------	-------	-------	-------

2metres	1metres	19metres	20metres	7metres
---------	---------	----------	----------	---------

1m	129cm	1cm	2m	42cm
