
Set up 10 bottles/dollies/skittles/boxes onto a table/wall/box.

Read the calculation below and knock down the correct number of objects off your wall - just like in our "10 green bottles song."

What is the answer? Write it in the box at the end of the calculation you have worked out.

Be careful towards the end as you may need to change how many you start with! Have fun!

10	-	2	=	
10	-	1	=	
10	-	4	=	
10	-	5	=	
10	-	3	=	
10	-	6	=	
9	-	3	=	
8	-	1	=	
7	-	5	=	
6	-	4	=	
7	-	2	=	
8	-	5	=	
9	-	4	=
